

Finzelberg product list

Active Phytopharmaceutical Ingredients

Good health is the measure of all things

Finzelberg makes your access to nature as easy as possible: With our experience, dating back to 1875, we produce plant extracts for the phytopharmaceutical and nutritional supplement industry using the very latest state-of-the-art technology.

We offer a wide range of extracts from more than 100 plants – allowing us to cover a wide spectrum of medical indicators for both human and veterinarian use.

Tailor-made solutions

Our development possibilities are as varied as nature itself. Research and development to our customers are thus continually ongoing activities. Our main focus is on extracts for phytopharmaceuticals and dietary supplements. In addition, Finzelberg offers extensive related services. For our customers that means: Individual All-around care – from the plant to the marketable product.

The wide range of expertise of our competent team is at our customer's disposal for all process phases: From conception and development, to production and quality control and including registration and international marketing. For the good of our customers, we are continually working to innovate – always in harmony with nature.

the nature network® – international competence

Worldwide, 20 companies and over 2800 employees are closely networked together in the nature network®. This global network of strong companies covers all areas relating to the natural plant. Thus we can guarantee the secure supply of raw material and offer our customers a multiplication of performance in many areas. Of course, it goes without saying that the full extent of available know-how in the worldwide the nature network® is at the disposal of our customers.

Quality without limitation

We have earned the trust of our customers. And we know that we owe it to them to work hard to keep that trust. At Finzelberg, all drugs and extracts are produced using the most modern analysis and manufacturing processes. GAP, GMP, HACCP and GLP are foundations of our daily work.

The most modern production processes

When dealing with physical health, a consistently high level of extract quality is absolutely necessary. Thanks to modern production techniques, we are able to extract in various ways and to concentrate and dry product in a gentle and protective manner. This allows us to provide you with high quality extracts which are exactly tailored to fit your needs.

Our “from start to finish” quality management system according to GMP, DIN ISO 9001 and HACCP oversees the entire process and produces the appropriate pharmaceutical documentation. The results of our optimised and officially validated process: Safe and effective plant extracts. No compromises when it comes to quality.

Scientific service

Contracted by our worldwide active customers, our development team creates new extracts and concepts for finished products. Close cooperation with the contracting customer is very important to us in this process. We take full advantage of the competence of our worldwide the nature network® to deal with analysis, registration, documentation, legal questions as well as with marketing on an international level. If you are looking for dossiers, registrations or imported products, we are glad to be of assistance in those areas as well.

Extract list

	Product	Botanical name	Plant part	Uses / identification
A	Aloe	<i>Aloe capensis</i>		Laxative
	Artichoke	<i>Cynara scolimus</i>	Leaf	Supports bile flow
B	Bearberry	<i>Arctostaphylos uva-ursi</i>	Leaf	Diuretic
	Belladonna	<i>Atropa belladonna</i>	Leaf	Spasmolytic
	Bilberry	<i>Vaccinium myrtillus</i>	Fruit	Maintain good eye health
	Birch	<i>Betula pubescens/pendula</i>	Leaf	Diuretic
	Black alder	<i>Rhamnus frangula</i>	Bark	Laxative
	Black cohosh	<i>Cimicifuga racemosa</i>	Rhizome	Menopausal symptoms
	Black horehound	<i>Ballota nigra</i>	Herb	
	Bladderwrack	<i>Fucus vesiculosus</i>		
	Butcher's broom	<i>Ruscus aculeatus</i>	Rhizome	Varicose veins
	C	Cayenne pepper	<i>Capsicum frutescens</i>	Fruit
Chamomile		<i>Matricaria recutita</i>	Flower	Calms GI-tract / spasmolytic
Chaste tree		<i>Vitex agnus-castus</i>	Fruit	Menopausal symptoms
Common asparagus		<i>Asparagus officinale</i>	Graft	Diuretic
Common ivy		<i>Hedera helix</i>	Leaf	Expectorant
Cowberry		<i>Vaccinium vitis-idaea</i>	Fruit	Urinary tract infection
Curcuma		<i>Curcuma xanthorrhiza</i>	Rhizome	Supports bile flow

	Product	Botanical name	Plant part	Uses / identification
D	Damiana	Tunera diffusa	Leaf	Aphrodisiac
	Dandelion	Taraxacum officinale	Root with herb	Supports bile flow
	Devil's claw	Harpagophytum procumbens	Root	Antirheumatic
E	Echinacea	Echinacea purpurea	Root	Immune stimulant
	Echinacea	Echinacea purpurea	Herb	Immune stimulant
F	Fumitory	Fumaria officinalis	Herb	Supports bile flow
G	Garlic	Allium sativum	Bulb	Cholesterol lowering
	Ginger	Zingiber officinale	Rhizome	Antirheumatic / motion sickness
	Ginkgo biloba	Ginkgo biloba	Leaf	Improves blood flow
	Ginseng	Panax ginseng	Root	Adaptogen, tonic
	Golden rod	Solidago virgaurea	Herb	Diuretic
	Golden root	Rhodiola rosea	Root	Adaptogen
	Grape seed	Vitis vinifera	Seed	Antioxidant
	Green chiretta	Andrographis paniculata	Herb	Immune stimulant / expectorant
	Guarana	Paullinia cupana	Seed	Stimulant

	Product	Botanical name	Plant part	Uses / identification
H	Hawthorn	Crataegus-species	Leaf with flowers	Cardiac stimulant
	Hawthorn	Crataegus-species	Fruit	Cardiac stimulant
	Hops	Humulus lupulus	Hop strobiles	Sedative
	Horse chestnut	Aesculus hippocastanum	Seed	Varicose veins
	Horsetail	Equisetum arvense	Herb	Diuretic
J	Java tea	Orthosiphon stamineus	Leaf	Diuretic
L	Lemon balm	Melissa officinalis	Leaf	Sedative
	Liquorice	Glycyrrhiza glabra	Root	Expectorant
M	Milk thistle	Silybum marianum	Fruit	Supports liver health
	Mistletoe	Viscum album	Herb	
	Muiru puama	Muiru Puama	Wood	Aphrodisiac
N	Nettle	Urtica dioica/urens	Leaf	Antirheumatic
	Nettle	Urtica dioica/urens	Root	Supports prostata health
O	Olive	Olea europaea	Leaf	Antioxidant
P	Paraguay tea	Ilex paraguariensis	Leaf	Stimulant
	Passion flower	Passiflora incarnata	Herb	Sedative
	Plantain	Plantago lanceolata	Herb	Expectorant
	Pumpkin	Cucurbita pepo.	Seed	Supports prostata health

	Product	Botanical name	Plant part	Uses / identification
R	Red wine leaf	Vitis vinifera	Leaf	Varicose veins
	Rhubarb	Rheum officinale	Root	Laxative
S	Sacred bark tree	Rhamnus purshiana	Bark	Laxative
	Sage	Salvia officinalis	Leaf	Mouth sores / sore throat
	Saw palmetto	Sabal serrulata	Fruit	Prostata health
	Senega snakeroot	Senega virginia	Root	Expectorant
	Senna	Cassia senna	Leaf	Laxative
	Senna	Cassia senna	Leaf	Laxative
	Siberian ginseng	Eleutherococcus senticosus	Root	Adaptogen
	St. John's wort	Hypericum perforatum	Herb	Antidepressant
	Sweet clover	Melilotus officinalis	Herb	Varicose veins
T	Thorny restharrow	Ononis spinosa	Root	Diuretic
	Thyme	Thymus vulgaris	Herb	Expectorant
V	Valerian	Valeriana officinalis	Root	Sedative
W	Willow Salix-species		Bark	Analgetic / pain relief
Y	Yohimbe	Pausinystalia yohimbe	Bark	Aphrodisiac
